

# Bravado Essential Nursing Tank Top and Wrap

Colours

Chocolate, Blue Lagoon, Black Dark Plum and White

It's what every nursing mum needs - a pretty camisole top with a real Bravado bra built into it. It makes it so simple and discreet to nurse, and get rid of the need to open up your top and search for your bra-clip - and it's also a rather attractive camisole to boot!

## Features

- 

A double molded, full support bra (not just a flimsy shelf "bra"!) that provides amazing support and beautiful shape.

- 

100% cotton against the skin inside the bra

-

Perfect to wear out for easy nursing, around the house for comfort, for yoga class, or even as sleepwear.

&bull;

Soft, high quality cotton/spandex outer fabric that isn't see-through, even in white!

&bull;

Flexible sizing, so the garment and the bra inside adapt comfortably to changing breasts and body shapes.

&bull;

Great for maternity, nursing and transition; as the fabric gently stretches while retaining its shape after washing.

&bull;

Discrete nursing clips that allow for full breastfeeding access. (Only you'll know it's a tank for nursing!)

&bull;

Thin straps that are adjustable.

&bull;

A beautiful and flattering shape that is fitted but not clingy, with a great hip length.

&bull;

Matching wrap available

## Sizing

The Essential Nursing Bra Tank Top is sized according to bra size, because we built the full support bra first, and then put a great tank around it.
